

Simple, Secure Sharing of Placement Assessment Results

A Guide for Students

Log in to your ALEKS PPL account and click on the 'My Classes' link in the top right corner of the page.

How to Send Your Placement Assessment Results

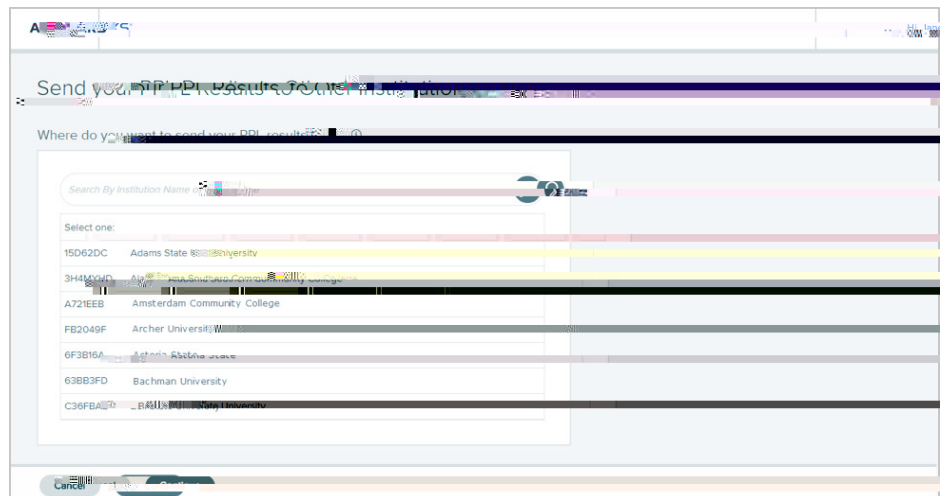

Click on the 'Send Results' button next to the class you want to share your results for. If you have multiple classes, you can select them all and click 'Send Results'.

If the **Send Results** option is not available, your school does not allow students to share their Placement Assessment results with other schools.

At the bottom of the 'Send Results' dialog, you can click 'Show More' to view a list of schools (50 schools total). Click 'Continue' to proceed.

If the school you are looking for is not on the list, that school does not allow incoming or transfer students to send their Placement Assessment results.
