

Step 2: Click on **“Student Access”**.

Step 3: Under “My Exams” you will see a list of all your HESI Exam attempts. Click on “Admission Assessment Report” to view your score report.

The screenshot displays the Elsevier HESI Assessment website interface. At the top, the Elsevier logo is on the left, and 'My Exams' is on the right. Below the logo is the 'HESI Assessment' title. A navigation bar contains links for 'My Exams', 'Payments', 'Cohort', and 'Distance Testing'. The main content area is titled 'HESI Exams' and features a table with the following columns: Exam, Date Taken, HESI Score, and Study Packet. Two rows are visible, both labeled 'Admission Assessment Report', with the second row showing a date of 'May 22, 2020'. To the right of the table is a sidebar with a search bar, a 'History' link, and a 'Check' button. Below these are several FAQ-style questions: 'What is HESI?', 'Why do I need to run the computer?', 'How do I access my remediation content?', 'Why don't I have the 'View Results' link available on the My Exams screen?', and 'What is the individual student Percentile Ranking?'. At the bottom of the sidebar are buttons for 'View HESI Facts' and 'Visit HESI Student Life'. Below the sidebar is a 'Research' section with the title 'Remediating nursing content improves outcomes' and a brief summary of a study by Lauer and Yoho (2013). The footer contains links for 'Home', 'Terms and Conditions', 'Privacy Policy', and 'Cookie Notice', along with the slogan 'The future of NCI EX'.
